

Orthodontic Alumni Association

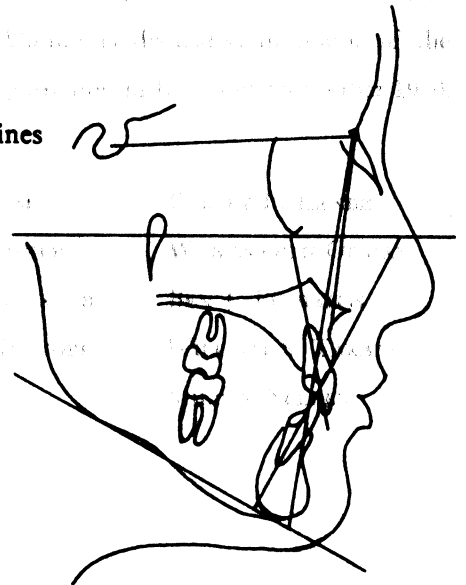

Third Reunion Meeting

Seattle, Washington

August 16, 17, 18, 19, 1970

*Thought and learning are of small value
unless translated into action.*

*True education combines
intellect, beauty,
goodness, and
the greatest
of these is
goodness.
When we do
the best that
we can, we
never know
what miracle
is wrought in
our life, or in
the life of another.*

This third reunion meeting of the University of Washington Orthodontic Alumni is dedicated in honor of the first two classes that graduated in June and December 1950.

PRESIDENT'S MESSAGE

Welcome to the Third Meeting of the University of Washington Orthodontic Alumni, recognizing twenty years of teaching and research and honoring the members of the first class.

Since our previous meeting five years ago there have been some changes. Al Moore is now Associate Dean and his special project is the enlargement — now in progress — of the Health Science facilities, including our own, of course.

And Dick Riedel, now Head of Department for several years, has continued to revise our teaching methods with refreshing ideas.

The Alumni Association has grown in numbers and in stature and has contributed significantly to this development of the Department. In this regard, the University of Washington Orthodontic Memorial Fund has received more than \$10,000 during the last year alone, most of this through the efforts of the Alumni Fund Committee. You will hear later how these funds are being expended.

May I make a personal plea to you who have not yet contributed to the Century Club to make this stimulating meeting the occasion for adding your name to the Honor Roll.

Most sincerely,

KEN KAHN

President

SUNDAY, AUGUST 16, 1970

4:00 - 8:00 p.m.—REGISTRATION

South Foyer

Washington Plaza Hotel

6:30 p.m.—COCKTAIL PARTY

Alumni, Wives and Guests

The Radiant Bridge

Darkness is powerless before the dawning
light. And so it is with death. We have
allowed ourselves to think of it as a
dark door, but actually it is a radiant
bridge spanning the gulf between two worlds.
